What does this icon mean?

We would like an attendee to look at these map pages while at AXPONA and see exactly what makes up the listening room - The music source, loudspeaker, cables, etc.

It is also important to let the attendee know if they can speak with a representative about the brand or product you are listing in your room OR purchase the product in your room. We will include an icon to indicate this. Example:

* = attendee can buy at AXPONA or representative is in the exhibit room

Your **DOOR SIGN** will be formatted just like this map page.
See the next page...
