If you have additional boxes or crates that need to be removed you will need to make arrangements with AFC by 3:00 PM on Thursday, April 21st. The Storage cost is \$125. (up to 4 skid spots). Oversized Freight

If a piece is too tall, wide, or heavy for standard placement??

Oversized freight will need to be broken down on the ground level and will result in additional labor charges.

Exhibitors must be present while AFC LS breaks down the freight. Labor charges may apply.

Freight Larger than 32" W

Any crate, case or box that is larger than 32"W will need to be broken down outside the freight elevator on each floor due to the size of the exit doors in the freight elevator area. Once AFC LS breaks down the freight it will be brought to the exhibit room via dolly/cart.

Pallets

Regular sized Pallets (see oversized freight above) will need to be broken down outside the freight elevator on each floor due to the size of the exit doors in the freight elevator area. Once AFC LS breaks down the pallet the freight will be brought to the exhibit room via dolly/cart.

Freight Elevator

Drayage / AFC Advanced Warehouse

Drayage Fees (From warehouse to Show Site & Show Site to warehouse)

The Drayage fee schedule for transportation to and from the Show Site(s) is as follows:

Minimum Charge	\$300.00 (one way)
Up to 999 pounds	\$0.55 per pound (one way)
1000 to 1999 pounds	\$0.50 per pound (one way)
2000 pounds or more	\$0.45 per pound (one way)

Example: shipment weighs 300lbs. $300 \times .55 = \$165$ Your charge would be \$300.00
Example: shipment weighs 1005lbs. $1005 \times .50 = \$502.50$ Your charge would be \$502.50

Important Note –

How Drayage Fees Are Assessed: Drayage fees are assessed each way. For example, if you have 1 box that weighs 1005lbs and your drayage fee is \$502.50 (see example above) on the way to the Show Site that same box returning to the warehouse may only weigh 675lbs which means your drayage fee returning to the warehouse is \$337.50.

Drayage Fee Waiver: The drayage fee will be waived if AFC provides freight transportation to and from the show and the origin is outside of the Chicago area.

The Fuel surcharge will not be charged on drayage but will be assessed on all inbound and outbound transportation if using AFC transportation.
