

FGI WORKSHOP REGISTRATION FORM

The FGI is partnering with the American College of Emergency Physicians (ACEP) to offer an Emergency Department (ED) design workshop: Reimagining the ED.

This is intended to be the first of a series of deep-dive workshops, hosted by FGI with various clinical groups, to inform both Fundamental and Beyond Fundamentals ideas and insights. This event, facilitated by human-centered design firm DC Design, will assemble select ED clinicians and design professionals, from around the country, to spend a day envisioning and tackling challenges and opportunities at the nexus of clinical operations and supporting infrastructure.

Attendees are also invited to take part in the Symposium Party on the exhibit floor from 4:30 pm - 6:30 pm.
